PROFILE

I am a self-taught, motivated front-end developer with a passion for the MERN stack.As a SE student, I'm looking to gain real world experience. I am excited to work on projects and collaborate with a team of experienced professionals in the field.

EXPERIENCE

Asian Solution pvt.Ltd   **jun 2022**

FRONT END DEVELOPER

Develope websites using different technologies I also work on react js. during my journey at Asian Solution I work on various project some on them in the following. like HTML|CSS|JavaScript|BootStrap|React js.

SSO.ID

My project is a landing page for SSO.ID, a Single Sign-On platform that allows users to log in to multiple applications with just one set of credentials. I used HTML, CSS, JavaScript, and Bootstrap to create a visually appearing and user-friendly design that effectively communicates the features and benefits of SSO.ID.

REAL STATE

This is the Real Estate website like Zameen.com. I used HTML, CSS, JavaScript,Bootstrap and React js to create a visually appealing
